In accordance with the Constitution, Bye Laws, and policy of Netball Ireland (NI) all rules of competitions are within the control of NI. Any such rules shall bind all officials, members and all persons engaged in competitions or other events organised by NI.

The official rules of the NI Women's Winter League (the "League") are set out below.

## **1.0 Registration**

1.1 The League is open exclusively to clubs, affiliated to Netball Ireland, who have agreed to comply with the Constitution, Bye-Rules, policies and recommendations of Netball Ireland. By entering a team in the League, clubs/teams agree that they will abide by these Rules.

1.2 All clubs must pay a registration fees to enter a team in the League. The League Administrator will notify team captains of fee arrangements for the particular season however, the following general principles will apply:

- Each team pays the amount, as approved at the AGM of Netball Ireland, to register to play in the League and will be issued with an invoice for these fees.
- League Fees may be paid in instalments with the first instalment of 50% to be paid before the first game and second half paid by December 1st. If not received into the netball Ireland bank account by then, that team will be taken out of future fixtures starting in January.
- A €25 discount will be available for teams who pay their fees in full by the 31st of October.
- Any new clubs must pay full league fees for all teams within their club before the first match of the season for their first 5 seasons within the Netball Ireland club league. If a team's fees are not received into the NI bank account by the specified deadline a penalty of a 10-point deduction will be incurred.

1.3 If a team's fees are late received into the Netball Ireland bank account in any particular season a penalty of a 10-point deduction will be incurred.

1.4 Teams may only use players whose names appear on their Team List as held by Netball Ireland. In order to secure the points for the game, the team must have a minimum of 4 players registered to that team on the court.

1.5 All players participating in the League must be a registered member of the affiliated club for which they are competing. Players may be added to a team's pool at any given stage of the competition, but must be affiliated to Netball Ireland before taking to court by completing their individual registration on the Netball Ireland website.

1.6 Individual registration will be available on the NI website from 1st of September and will be open until 5pm the day before the first game of the season. Each player must register individually via this process.

- 1.7 Each team must be registered via the Netball Ireland team registration process on the Netball Ireland website 14 days before the first match of the season as notified by the league secretary.
- 1.8 A maximum of 15 players can register to any one team without incurring an additional player registration fee. Only 12 players can be named on a Netball Ireland team sheet for any one game.
- 1.9 If an unregistered player takes the court they will be considered illegible and any games in which they have played will be forfeited.
- 1.10 Once a player has been named and has played on a team they cannot be transferred to another team during the course of the current League season. Netball Ireland may at its absolute discretion allow players to transfer between two teams during the course of the playing season (for example should a person move house where playing for the original club would not be practical).
- 1.11 Within the same club, players may play for the team billed higher than their own, but not in a lower team i.e. 1<sup>st</sup> team players cannot play for the 2<sup>nd</sup> team. For the avoidance of doubt players can only be registered for one team within the club.
- 1.12 Players can play for a higher billed team twice in any one season. On the third time playing for the higher billed team the player cannot return to their original team and are now considered registered to the next lowest billed team they have played for e.g. a player on the 3rds can play two games for the 2nds and one game for the 1st, this player is now considered a registered 2nds player. The same rule now applies again to this player for all higher billed teams and previously played games for higher billed teams will stand.

## **2.0 Integrity Clause**

Netball Ireland expects its members and all League participants to act in a manner that reflects the objectives and principles of the Association. Any team who knowingly and deliberately provides false information regarding the identity of players at registration and the naming of players on team sheets may be suspended or expelled from the League.

## **3.0 Organisation and Administration**

- 3.1 The League shall be managed and administered by Netball Ireland. The League Administrator shall be the key point of contact between the League and the Executive Committee of Netball Ireland.
